

## AT HOME PREPARATION FOR EASTER:

### SUPPLIES:

3 Candles, a cross (any cross will do), something to light the candles, this liturgy and a space in a public room of the house.

### INSTRUCTIONS:

Darkness may be the best time for this devotion, either early morning or after sunset. Do not however let the lack of darkness stop you from doing it. Anytime will do. Thursday: light all three Candles, do the opening prayer, Scripture reading, intercessions, Lord's Prayer and closing blessing. After the Scripture reading, extinguish one candle each night. After the blessing, extinguish all the Candles and leave the space in silence.

Continue in the same pattern till all candles are extinguished on Holy Saturday.

(hint: if you have little ones in the house, let them help light candles and do the **bold** parts of the intercessions. Also, know they may not be perfectly pious during this time. Mine aren't! But also know this is not done in vain. You're watering the seeds of faith that the Lord planted in them.)

**-note on Friday**—If your health allows, try to Fast until 3 pm. Do water and coffee only or liquids only. During this fast pray for God's help in our current crisis. 3 pm is the hour the Scriptures tell us Jesus ended his suffering on the cross. As such, by fasting you can join—in a very small way—into Jesus's suffering. At 3 pm, read **Luke 23:44-47 and Galatians 2:20**. Offer a prayer of Thanksgiving for Christ's sacrifice and end your fast with some food.
